**Losing Facility Name and Type:** Gaylord PO

**Current 3D ZIP Code(s):** 497

**Type of Distribution to Consolidate:** Orig & Dest

**Gaining Facility Name and Type:** Traverse City P&DF

**Current 3D ZIP Code(s):** 496

## **Background:**

The Gaylord MI Post Office is a postal owned facility that processes originating and destinating volumes for the SCF 497 area. In addition to mail processing operations, the Gaylord MI Post Office houses a Business Mail Entrance Unit (BMEU), and handles retail and delivery services for the city of Gaylord MI 49735.

The proposed AMP would transfer originating and destinating volumes to the Traverse City P&DF, which is a postal owned facility located approximately 65 miles away, in Traverse City MI 49696. The Traverse City MI P&DF processes originating and destinating volumes for the SCF 496 area.

Originating Express Mail and Registered Mail processing operations at the Gaylord MI Post Office will remain unchanged. Retail services, BMEU services, and delivery services will also remain.

## **Financial Summary:**

Financial savings proposed for the consolidation of processing operations are:

Total Annual Savings:	\$3,415,597
Total One-time Costs:	\$334,500
Total First Year Savings:	\$3,346,630

The total first handling pieces (FHP) average daily volume (ADV) to be transferred will be 400,684 mail pieces. Cancellations ADV to be transferred will be 72,733 mail pieces.

## **Customer Service Considerations:**

Specific service standard changes associated with this Area Mail Processing consolidation are contingent upon the resolution of both (a) the rulemaking in which current market dominant product service standards in 39 CFR Part 121 are being evaluated, and (b) all remaining AMP consolidation proposals that are part of the same network rationalization initiative. A complete file reflecting any new service standards will be published at [www.usps.com](http://www.usps.com) once all of the related AMP decisions that provide the foundation for new service standards are made. Priority Mail and Express Mail service standards will be based upon the capability of the network.

There will be no changes to collection box times.

## **Transportation Changes:**

Gaylord MI Post Office will serve as a transportation hub for the SCF 497 collection mail trips, cross docking the originating letter, flat, and parcel mail volumes to the Traverse City P&DF for processing. The Gaylord MI Post Office will also serve as a transportation hub for the SCF 497 Associate Office dispatches. Processed destinating volumes for the SCF 497 delivery area would be transported to the Gaylord MI Post Office, where it would be dispatched to the SCF 497 Associate Offices. Destinating mail volume, including DPS, is expected to arrive approximately two hours later than current SCF 497 morning dispatches.

The combined transportation changes will result in a net savings of \$183,919 annually. The savings are a result of a decrease in trips and mileage to and from the Gaylord Post Office that offset the increase in trips and mileage to the Traverse City P&DF. Trips that make an impact to the Gaylord proposal are as follows:

- HCR 49711, with service between Gaylord PO and Traverse City P&DF, will increase by five additional trips per day, for a proposed annual increase in costs of \$228,971. The additional trips are to transport originating mail volumes from Gaylord MI Post Office into Traverse City MI P&DF, and to transport destinating volumes from Traverse City to Gaylord.
- HCR 483U4, with service between Detroit NDC and Traverse City P&DF will increase by two additional trips per day, for a proposed annual increase in of \$278,494. These new trips will take standard and parcel post to the NDC and are an offset for HCR 48192
- HCR 48192 – Gaylord to the Detroit NDC has been offset by HCR 483U4 allowing a reduction of 245,532 miles and \$365,988.

rev 06/10/2009

# Summary Narrative *(continued)*

- HCR 49314, with service between Grand Rapids MI and Traverse City MI, will add three additional trips per day, for a proposed annual increase of \$320,705 to transport additional originating and destinating volumes to Traverse City.
- HCR 495BK, with service between Milwaukee WI MTE SC and Traverse City P&DF will see two additional trips per week for MTE for a proposed annual increase of \$78,792.
- HCR 49765, Gaylord to Grand Rapids, has been reduced to two outbound trips, and one inbound trip, for a proposed annual savings of \$247,890. The trips will be used to transport originating and destinating Priority mail.

Neither Gaylord MI nor Traverse City MI has PVS transportation.

**Staffing Impacts:**

The workbook proposes a reduction of fifty three (49) F1 craft positions, and a reduction of eleven (11) F3B craft positions, in Gaylord MI. Management staffing will decrease by two positions (EAS 18 Mgr Maintenance, and EAS 17 Operations Support Specialist) and one EAS 17 Supv Maintenance will be added. Function 4 staffing will increase by four (4) clerk positions to handle the increase in mail requiring dock transfers.

The workbook proposes an increase of thirty (30) F1 craft positions, and an increase of five (5) in F3B craft positions, in Traverse City MI. Management staffing will increase by (3) EAS employees.

The details of the site specific staffing proposals are listed below.

Warn ACT: As a matter of policy, the Postal Service follows the Worker Adjustment and Retraining Notification Act's (WARN) notification requirements when the number of employees experiencing an employment loss within the meaning of WARN would trigger WARN's requirements. Some or all of the impacted employees described above may or may not experience an employment loss within the meaning of WARN due to transfer or reassignments.

### **Equipment Relocation and Maintenance Impacts:**

The Gaylord Post Office currently utilizes two FC / Micro Marks, and one UFSM. These machines will no longer be needed, and will be disposed of in accordance with postal guidelines. Additionally, Gaylord Post Office uses one DIOSS and four DBCS letter sorting machines. These machines will be relocated to the Traverse City P&DF to clear the destinating letter operations.

Traverse City P&DF utilizes one LMS, and one AFCS and VFS for letter cancelling operations. March of 2011, it was requested and approved by Headquarters to move an AFCS from Kalamazoo to Traverse City in order to facilitate a Saturday AMP of Gaylord mail. This request was approved and one additional AFCS and VFS has been installed in Traverse City. The successful Saturday AMP of Gaylord mail has been ongoing for several months. This additional machine, which is currently in place, is necessary to the gaining facility due to the mail arrival time of originating letters from Gaylord MI, and the subsequent short processing window needed to clear the outgoing letter operations.

Relocating mail processing equipment from the Gaylord Post Office will cost \$70,000. Additional one time facility costs for Traverse City P&DF will be \$264,500, and are detailed below:

<b>One Time Costs</b>			
<b>Kalamazoo</b>			
Remove LMS			\$81,000
Remove VFS and Ductwork			\$44,500
<b>Sub Total</b>			\$125,500
<b>Traverse City</b>			
Relocate AFSM Ai			\$41,000
Relocate DBCS'			\$30,000
Rework BDS and sprinklers			\$23,000
Install and baseline VFS			\$16,000
Transport DPRC			\$13,000
Relocate BDS			\$8,000
Supplies for Sprinkler and electrical			\$3,000
Miscellaneous			\$5,000
<b>Sub Total</b>			\$139,000
<b>Total One Time Costs</b>			\$264,500

The total one time costs including equipment relocation of AFCS, DBCS and DIOSS is \$334,500.

### **Conclusion:**

The AMP proposal to move originating and destinating letter, flat, and parcel processing operations from the Gaylord, MI Post Office to the Traverse City P&DF would result in a craft loss of 25 FTE and a gain of 2 EAS. The first year savings of this package is \$3,081,097 which includes a one-time cost of \$334,500. Annual savings from this point on will be \$3,415,597.
